IF PRICE CONTROL CAME BACK

Every argument in favor of price control falls flat when it comes up against this fact: You can't make a man produce at a loss, or sell goods for less than it costs him to buy and handle them.

Most price control schemes call for rolling all prices back to the level of some specific period—last year, for instance. Yet, since that time, we have had another round of wage increases. We have had continuance of rampant spending by the government, which is one of the surest ways to keep inflation going. We have had a tax reduction, which means that there is more money available to compete for goods.

If prices were to go into effect tomorrow, what would happen? The manufacturers of most commodities make a profit of around six per cent—so if they earned nothing at all the cut in prices would be too small to be noticed. The retailers from whom you buy your goods, from five cents to a dollar, would be squeezed out of the business. All the rest goes for stock, payroll, rent, taxes, and so on. So, if they worked for the love of the game alone, your budget would be cut very little. The worker certainly isn't going to take a pay cut in order to bring prices down. As a consequence, we would have fewer goods and goods of poorer quality—and more and more items would be rationed off into the black market where the price charged is every penny the buyer will cough up.

In an economy where thousands upon thousands of manufacturers and retailers are competing for the public's business no one can get prices. They find their own level. And that level, whether it be high or low, is determined by the times.

News Of Belle Glade Negro Schools

By Negroes—For Negroes

The two delegates, Rev. H. C. Capheart and Mrs. Daisy Murrell, who were sent to represent our local organization at the State Congress of Parents and Teachers at the recent meeting in Miami, made their reports to the PTA on last Monday evening.

Rev. Capheart made known the fact that he had been chosen to serve on the Legislative Committee of the meeting in Miami. The Legislative Committee recommended that the state congress of Parents and Teachers go on record as favoring Federal Aid to Education and other pending legislation favorable to schools both locally and nationally. Rev. Capheart said "These recommendations were accepted by the organization and telegram are to be sent to Florida's Senators in support of the State Legislature."

Mrs. Murrell gave a very interesting and complete day-by-day-report of the full session. She stated that the State Congress went on record as urging parents to become more interested in the various Parent-Teachers groups throughout the state. Mrs. Murrell went into detail concerning suggestions about how local branches could better perform their tasks.

Rev. Capheart listed the following as detailed recommendations by the Legislative Committee:

1. Federal Aid to Education.
2. Enforcement of existing child labor laws.
3. Adult Education.
4. Improvement of Educational facilities for all citizens.

The drive to raise funds to set our lunch room in operation was ended Monday night after the reg. reg. PTA meeting. Ten classes in the school participated in the drive which netted for the cafeteria fund a total of \$320.78. The class reporting the largest amount was the 5-B class, and Mrs. Nina Mae Farlin, teacher of the class, was presented the beautiful storage cabinet for her class.

The Faculty and students wish to take this opportunity to thank everyone who helped make this activity the success it was.

Delays in Work Will Hold Up Corner Stone Laying

Harry Roos, contractor for the new negro elementary school building met with some soil troubles which will require extensive change. This delay will postpone the proposed corner stone laying ceremony which will be conducted by Belle Glade Lodge of Masons and Grand Lodge officers.

NOTICE

We have moved our office and headquarters to 228 Avenue A. The shop formerly occupied by Matthews Signs. Since we operate only a one-man shop there will be times when there will be no one at the office and in this case we request that you leave orders or requests for estimates at the shoe shop next door. While most of our work will be done at the Avenue A shop we are retaining the old shop in the Mill Place building for larger sign work and auto and truck lettering. Since the Avenue A location is not big enough for sign work. After the move you may reach us at home residence. Phone Belle Glade 1287.

CINEMATIC CHATTER

By Malcolm Milner

When two men battle over a girl during the oil boom days of East Texas and continue that fight over the enforcement of the famous "hot oil" law of the day, they bring excitement and heart interest to "Strike It Rich," which stars Red Cameron and Bonita Granville, and is due to be screened at the Hugo Theatre this coming Sunday and Monday.

Miss Granville is the wife of Jack Wither, millionaire oil man turned movie producer, and she also plays the role of a girl in this story, which is, to say the least, a fast-moving, action-packed drama, designed to keep one on their toes throughout its showing.

ONE BLOCK NORTH OF CANAL BRIDGE
IN BELLE GLADE

SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. Andrew Nick have as a house guest his cousin Nick Haspas of Dunkirk, N. Y. The two cousins have not met since they left Greece in 1910. Mr. Haspas owns and operates three restaurants in New York.

Kenneth Warren and Charles Byrd made a trip to St. Louis with a truck load of cattle for W. P. Hill.

Fred Sisley has returned to Charleroi, Pa., after spending the winter in South Bay. Mrs. Sisley, who teaches in the Lake Harbor schools, and her son, Freddie, who attends school in South Bay, will remain here until school is out.

Mrs. Joe Wall is visiting a sister at Plant City and recuperating from a recent illness.

O. B. Cook has been taken to Pratt General hospital in Coral Gables for what was feared to be a ruptured appendix.

Richard Byrd is home on a five day furlough from the base in Louisiana.

E. B. Clark of North Norwich, N. Y., and Rocco Montano of Utica, N. Y., were recent guests of Mr. and Mrs. Mark Challancin. They spent a week end at Havana, Cuba, before returning to their homes.

Mr. and Mrs. Leland Hardy are expected home soon from New Orleans where he has been attending Tulane University. They will occupy his father's home in South Bay.

The South Bay fire department had received new hose and other equipment to add to the efficiency of their fire fighting apparatus.

Quentin Starling Dies At Albuquerque, N. M.

N. N. Starling has returned home from Albuquerque, N. M., where he was called by the illness and death of his son, Quentin. Quentin Starling, age 41, was engaged in the produce business at Albuquerque when taken ill. He was a native of Hahira, Ga. He had made his home in Belle Glade for many years and had a host of friends in the Glades.

Survivors are his wife, Dettie Starling and son, David, age 14, of Key West, his mother Mrs. Maude Starling of St. Petersburg and his father N. N. Starling of Belle Glade.

Funeral services were conducted at St. Petersburg on Thursday afternoon, the Wilhelm Funeral Home in charge.

Rev. Kalarud Guest Speaker At South Bay Baptist Church

A former missionary to the Balkans, Rev. Kalarud, now pastor of a Baptist church in New Jersey, was a guest speaker at the South Bay Baptist church Sunday evening and presented stereoscopic pictures of Macedonia and Greece where the Apostle Paul did much of his missionary work.

The Women's Bible Class will entertain the Mens Bible Class at a chicken supper at the Recreation Hall on Friday night and all members of the two classes officers and teachers of the Sunday School are expected to attend.

South Bay Council Passes Three Cent Cigarette Tax

The South Bay Town Council unanimously passed an ordinance recently laying a three cent excise tax on cigarettes. Funds obtained from this tax are to be placed in a General Improvement Fund and it was agreed that it would be used for street paving, parks, fire department or for some emergency such as mosquito control or some disaster.

According to the ordinance the tax was to take effect April 1, but owing to the difficulty in securing stamps in time for that date merchants are being permitted to sell unstamped packages up to Friday, April 8. On that date all packages sold must carry the proper stamps and any unsold packages must be either turned back to the wholesale house or stamped.

All wholesale houses known to sell in South Bay have been notified and are cooperating.

Linda Fisher Has A Birthday

Linda Fisher was complimented at a party at the Kindergarten room Friday afternoon in honor of her fourth birthday by her mother, Mrs. R. G. Fisher, assisted by Miss Myrtice Gillman, kindergarten teacher.

The children were entertained with singing games and a colored movie picture was taken of the group as play by Mrs.

Fisher.

Ice cream, cake and orange juice were served to Linda Fisher, Sharon Kendall, Sandra Cooper, Ginger Critchfield, Linda and Bunny Leatherlean, Mary Mathewson, Richie Herling, Kenneth Ward, Dick and Dan Willis, Buzzy Fischer, Daphne and Mary Lou Henderson, Margaret Thames, Gloria Greer, Michael Wheeler, Robert and Sharon Roberts, Mrs. F. B. Willis, Mrs. Melvin Herring, Mrs. I. P. Roberts and Mrs. W. H. Thames.

Johnson-Jones

The South Bay Baptist parsonage was the scene of the marriage of Miss Helen Vonnelle Johnson of Chosen and Obet Sylvester Jones of Belle Glade Saturday, March 26.

They were attended by her sister-in-law, Mrs. Franklin Johnson as matron of honor and her brother, Franklin Johnson as best man. They were united in marriage by Rev. B. Oswald. The bride wore a white gabled dress suit, white hat and a corsage of gardenias. She is a native of Florida.

The bride groom is a native of Hendersonville, N. C., but has made his home in the Glades for some time. He is in the employ of Larry Nash.

The young couple have rooms at the Edwin Best home in Belle Glade.

Barbara Jean Willis Honored On Birthday

Mrs. E. M. Willis of South Bay entertained a group of children at a wicker roast and coole party Friday evening honoring her daughter, Barbara Jean on her tenth birthday.

Guests were Josephine Martin, Jackie Mutchler, Lucy Pearl Kelson, Carol Jean, Jerry and Kenneth Ward, Ronnie Bowles, Yvonne Morey, Barbara Jean and Johnny Willis.

OBSERVATIONS

Continued from page 1
be deposited in the corner box, along with many other historical papers. It is expected that a large gathering of the Masonic craft will gather here for these impressive ceremonies.

Our crop dusters have added a piece of new apparatus to their planes in the shape of Klaxon horns, which are used in endeavor to scare and chase away the corn eating blackbirds. The birds are making it costly for corn raisers.

Bill Graber can now give a good account of how it feels to

have a plane propeller fly off an airplane in mid air and have to pick a landing place right quick. Took and old expert like Bob Daddon to take the plane out of the rough field.

Last week in this column I used the quotation "Cleanliness is next to Godliness" and credited it to the Holy Bible. Our astute friend Hugh J. Bratley sent us a note saying that it did not come from the Bible, but rather from Shakespeare. Well, at this gentleman is a student of both the Bible and the works of the English bard, and I am not in position to deny his statement, we'll just leave it to students to discuss.

Run short of lighter fluid Sunday morning and there was where I got into trouble. Desk Sergeant Funk, with a twinkle in his eye, handed me a can of the stuff and I filed up. The rest of the day I smelt like a perfume and oil factory combined and many friends shied away from me as if I never had a bath. Thanks, shirk, I'll not soon forget your joke.

If Tom Forsee, when he assumes the Rotary presidency, can't get order any other way, he can quiet the bunch with one of his songs, for which he is noted.

David Stoddard, Junius Harris, William Wooten, Emmett Roberts, Ed. M. Lively, C. A. Chase and J. T. Moon, who are residents in the National Forest, are booked to attend conferences in Orlando this month. Here they will be briefed in the latest service requirement and techniques.

What has been procured under the Educational Foundation for Florida schools, and this country in particular, was graphically told by Superintendent of Public Instruction, Howell Watkins, to the Belle Glade Lions. He stated that the scholastic requirements brought in better qualified instructors who

"I'm from Milwaukee—
I ought to know . . ."

had collegiate and university degrees for holding the entire position, and caused the entire teaching staff to better prepare themselves for their work. That from the capital savings fund, the Board has been able to save funds for the erection of the new Boynton-Delray high school building and the improvement to many other school properties. From this source other school would be erected within the near future. He was proud of the Junior College of the state at Pensacola, Marianna, St. Petersburg and West Palm Beach, which were filling a gap which existed between the High School and Colleges. He cited the local college to be at the head of the system. Seventeen thousand youth are enrolled in the public schools of the county this year and expectations are the number in 49-50 will be at least a thousand larger. To provide facilities for this enrollment is the problem causing much study and preparation.

Mr. Watkins intimated that next year a new department would be added to the system in Consultation Educational Department, which is having a big sweep and growing in popularity over the states. Through its means young people are tested and selected in selecting the line of work they desire to receive instruction and in which they know they are interested. Under this division of education, manual and physical work will predominate over the book learning. High schools are now the school of all the people and not alone for those seeking professional or higher educational standing, as they were prior to 1890. One to be successful these days must at least have a high school education.

All city officials, in all the main departments, are working to one end, and that is to see that fire, sanitary and public buildings, business blocks and tenements are in a presentable and safe condition. With improved conditions the officials hope to impress the inspectors of the Southern Underwriters when they come for a city wide inspection, that this city is due for a decrease in fire insurance rates. With all improvements made, new equipment added, the fire fighting facilities and improved sanitary conditions, at least some premium rate changes are expected.

Local white base ball fans are looking forward to some good Sunday afternoon entertainment this summer when the local team of the Coast-Grades league plays at home. If the team gets the same support that the soft ball games did last year, patronage should be good. Belle Glade and Pahokee in combination can field an excellent team in favorable comparison to the other seven teams of the league. Let's give this promotion a boost by attending home games.

When the Odd Fellow forces convene in West Palm Beach the middle of April, for their department conventions, it will bring in around 2000 visitors. Outside the convention business there is always a round of banquets, dances and other outside entertainment and the Palm Beach committee has arranged a generous supply of these outside activities. Reports to be submitted will show that there has been a respectful gain in membership the past year in all departments of the lodge. E. C. Thompson, of Ft. Lauderdale is the Grand Master of the Grand Lodge; and Mrs. Thelma Dawson, of West Palm Beach, is the Department President of the Ladies of the Patriarchal Militants.

Four years have now passed since the Observation and Comment column was introduced into the reading matter of the Belle Glade Herald, and the writer has been conducting the column for more than 40 years in other papers. We hope that the readers have found some entertaining and information in reading the various comments that have been made in the column.

Our old friend Judge George Hubbell, long has operated a queer matrimonial agency here in Belle Glade and he has married hundreds of both white and colored couples. See where a Justice of the Peace in Pennsylvania is "robbing" some of his stuff and going a bit beyond the offerings of the local notary public. Judge, you had better be looking after and protecting that child born out of your versatile brain.

There is one thing that the City Commission can point to with pride, and that is that the city is operating on a current cash basis. This commission, knowing more funds would be needed than could be provided by the last regular budget, began looking around for new sources of revenue, and so far they have found two which will mean around \$40,000 in future years. One was the re-evaluation of the Utility tax, and

the second was a tax on cigarette busy and thorough in his pretty busy and thorough in his checking of occupational licenses, and as a result many more such permits have been issued than in the past. The city is also securing something for the expenditures it is making for general improvements. The looking of the premises around the police headquarters is proving decided convenience for the city hall and police department employees. No more mud and dust and a solid solid base on which to drive.

The National Education Committee of the Elks lodge has prepared several very fine educational and patriotic films, which are being released to local lodges for their educational programs. One of them, "The Power of our Nation", will soon be shown in Belle Glade, either at the lodge session or a public presentation. The picture has drawn high praises where it has been exhibited.

The State of Florida, through its various agencies, is not being penurious about the support which it is giving its citizenship in the way of public health, education and farm aid. First, we have the Farm Experiment work, the work of its agricultural and home demonstration workers, the Four H Club Boys and Girls, the Future Farmers of America, Conservation workers in fire, game, forestry and natural resources, see that our offenders against the laws are imprisoned and used for work at the various prisons and road compounds; look after the insane, our tuberculosis victims, cancer patients, crippled children, see that we have improved and safe highways, hit the mosquitoes a knock out blow, aid to the blind, indigent and underprivileged citizens. Figure up what the cost of the services are and must be and that tells a part of the story why the state seems to be hard up financially, and crying for the need of more tax monies.

EAST PALM BEACH ROAD
BELLE GLADE, FLA.

Winner of first prize in the Miami Home show recently, the above exhibit, complete with magic and models, will be included in the Palm Beach County Home show at Morrison Field auditorium, April 10 to 17. Sirman Wood, Inc., will bring

RAMS LOSE (Continued from Page 1) Tommy Williams did not allow many more hits, holding the visitors number down to two clean hits, with another one that might have been a single, but was marked as an error by the local official scorer.

Seifert got a walk, stole second, took third on a wild pitch and came home on Bie's single

to center field. The Rams got one man as far as third base but he could not score. Peacock got a double but was nipped at home plate. Harry Daggett, the Ram's catcher split a finger in the fourth inning and had to retire. Burke and Farmer filled in at that position and this change somewhat handicapped Williams' effectiveness.

The Rams pulled a double play in the first inning, and Winne pulled a spectacular catch in center in the fifth inning, which cut off two scores for the Trojans.

The Rams play the Delray team at Memorial field today at 4 o'clock. Lake Worth 0001 000—0 1 1 Belle Glade 0000 000—0 1 1 Summary: Lake Worth, Jacobs and Murphy; Rams, Williams, Daggett, Burke and Farmer; Struck out by Jacobs 10; Williams 4; base on balls, Jacobs 2; Williams 2; wild pitches, Williams 4; double play, McCool, Farmer and Leathers; two base hit, Peacock; umpires, Mastey and Eggleston.

Full Week Entertainment To Open At Morrison Field Sunday At West Palm Beach

A full week of entertainment plus display of more than 100 of the newest products for home use, will be launched Sunday afternoon at Morrison Field when the first Palm Beach county Home Show opens at the field auditorium.

Sponsored by the Board of Realtors of West Palm Beach, the Home Show will feature two special television broadcasts during the eight days, and good reception will be assured thru use of a 20 inch screen in the auditorium receiver. Station WTVJ in Miami will salute the Home Show Monday night, April 11 with a two-hour broadcast starting at 7 o'clock, featuring a number of sports celebrities from Palm Beach county.

Residents of the county will also have an opportunity to see themselves on the television screen through pictures to be made during the opening days of the Home Show. These will be broadcast during the closing evening of the show April 17, along with scenes from various sections of the county.

Louis B. Bilk, chairman of the show committee from the Board of Realtors, announced that "Glades Day" honoring residents of the Everglades area will be observed Friday while special events for children have been set for Saturday. Surprise features will be announced at the show every hour during show time which will run from 2 to 10 o'clock daily.

Moving pictures sponsored by the board of realtors will be shown daily in one of the exhibition rooms of the airport auditorium and special movies have been scheduled by several of the exhibitors.

"Glades Day" has been scheduled for Friday, April 15 and special events for Children's Day Saturday, April 16 are being planned. The Candie Camera Night will coincide with television. Night Monday because of the presence of "Miss Television 1949" and a dozen attractive models.

Among the exhibits from local and national companies will be showings of planes, organs, electrical appliances, building materials and supplies, furniture, utensils, windows, doors, jalousies, awnings, shutters,

work of art, plumbing, insulating materials, water softeners, insecticides, air conditioning, foam rubber, mineral water, exercise machines, portable summer playhouse and kitchen ventilating equipment.

VETERANS ON-JOB TRAINING

All P. L. 346 on-the-job trainees will be required to submit form 1035, "Monthly Report of Training," direct to the State Department of Education Supervisor, 315 S. Gardenia Street, West Palm Beach, by the first of each month.

Announcement is being made in a news release in the next few days it will say in part that said form (7-1035) is being done away with and no longer be used. This is true but the State Department of Education will still require them for their use. The 1035s will be supplemented in the near future by a State Form.

The Veterans Administration will continue to require the "Report of Compensation Form Productive Labor" every four months, but do not submit this form until you have been requested to do so by the V. A.

If the veteran or trainee has any question concerning this subject it is requested that you contact your local Veterans Service Officer.

LOCAL SEMI-PRO

Continued from page 1 but was erratic and wild, although he did not allow any scoring and the locals applied the whitebrush to the visitors by the score of 10 to 0.

Had Don Robertson, a big left hander go into the earlier for Okeechobee the score might have been different for he did not permit a hit or score and fanned five. He will wear watching in the future.

B. Glade 002 028 006—10 9 1 Okeechobee 000 000 000—0 4 3

Summary—Batteries, Independents, Williams and Harrell; Okeechobee, Watson, Stinkley, Robertson and McDonald. Struck out, Williams 9, Harrell 3, Watford 3, Stinkley 2, Robertson 2, base on balls, Williams 1, Harrell 3; Two base hits, Cherry and Crosby; Umpires, Herring, Bearden, McDonald and Richmond.

VFW Will Install Officers Night of April 1st

Belle Glade Post and Auxiliary, No. 8181, Veterans of Foreign Wars, are to have an open house social for the members and families at the "Club" house on the evening of April 1st at 8 o'clock which will be in the form of a box social. Each lady will bring her "box" with sufficient food for at least two persons which will be auctioned off to the highest bidder.

Arrangements are being made for the joint installation of the Post and Auxiliary officers on the evening of April 21st, which time there will be visitation from Department officers and other District visitors. Department Commander Herbert Evans will install the Post officers and Mrs. Nanette Lawrey will install the Auxiliary. President of the women's organization, Place of holding these ceremonies has not yet been determined.

Harvesting Fine Squash

Davidson and Padgett, local farmers, are now harvesting a satisfactory crop of long green squash of acreage located just south of the south city limits. This particular type of squash are most desirable in the taste and make a fine table commodity. The Padgett Farmers of one acre are also planning some to be from their planted crop.

The title boys are getting their share in a prime location for exchange at the So. Fla. Trade Stock Show at the Experiment Station on April 19-20.

State Service Officer To Visit Glades Area

All veterans and or their dependents who have problems or questions to ask concerning their military service to pension, compensation or insurance can contact Mr. M. E. Penton, State Service Officer who will be in Pahokee at the city hall next Thursday afternoon and in Belle Glade at their office in the Sanders Building on Friday, April 15.

This service includes assistance to employers of veterans under the "G. I. Bill," housing, subsistence, insurance, etc.

"I'm from Milwaukee I ought to know..."

BUTZ IS MINNIE'S FINEST BEER

GENE RAYMOND

GENE RAYMOND

Chief Architect Here To Consult On New Bank House Building

Chief Architect Nobles, of the Bank Building and Equipment Co. of St. Louis, Mo., made a business trip to Belle Glade last week for consultation with the Board of Directors of the Everglades Federal Savings & Loan Co., in regards to the latter's plans for its new bank block.

The St. Louis firm drew and their plans were accepted by the local corporation, subject to some change in the building.

The bank expects to submit plans for bids within the very near future, so that the structure may be up and ready for use by the opening of the fall business season.

Mr. Brasley states that he was happy and also disappointed. Happy that the bank shows continued progress but sorry in not reaching at the end of the quarter a desired goal as to assets and liabilities of the two million dollar deposits of less than \$5,000 would have met that figure as all he could total was \$1,995,163.57.

Cutting Service Causes Near Riot At Bryant Early Sunday Morning

The first serious trouble to occur at the Bryant Station of the United States Sugar Corporation in a score of years, broke out around 3 o'clock Sunday morning and for a time things looked serious, until law officers arrived and quelled the uprising.

A Jamaican and an Antigua Cane involved in a quarrel during the night which was used the Jamaican had an arm severed with a cane knife. The assailant fortunately made his escape, but the house in which he was supposed to have hidden, received pretty rough treatment during the invading search, as his countrymen and friends had blood in their eyes.

NAVAL RESERVES

(Continued from page 1) personnel Any co-service man may take up this study at whatever point he has reached and youngsters who are interested may learn from the beginning.

The group meets every Monday night from eight to ten at the Chamber of Commerce Supply Center, where the equipment and offices are located.

Commander Thames may be reached at the Experiment Station or at Unit Headquarters. This unit proved very valuable regarding and in improving hurricane information last year during the hurricane season, and with the additional equipment this service is expected to be broadened.

Radar equipment is one of the things expected by the local unit. Though not yet officially recognized by the Weather Bureau, radar found the lost hurricanes by pin-point coordinates during '48.
